TECH BRIDGES

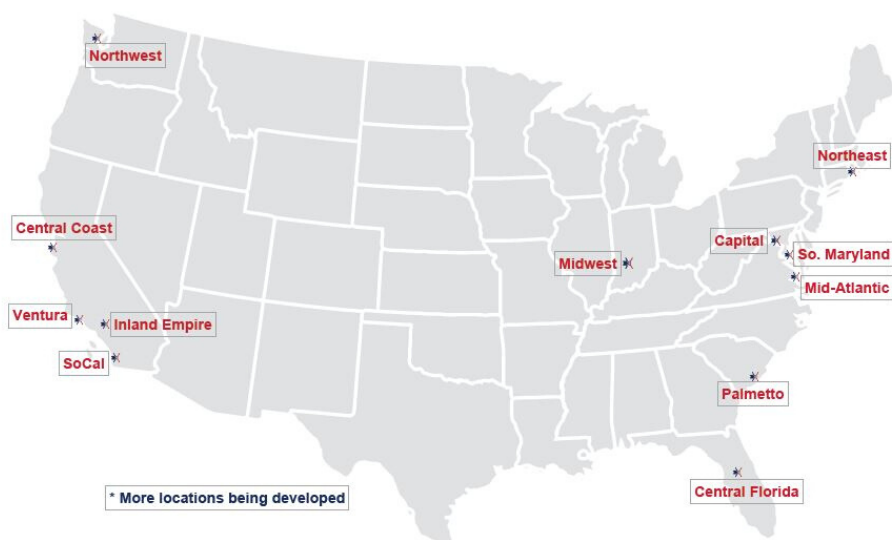

CONNECT | REINFORCE | SUSTAIN

Bureaucracy and business complexity, inherent in all large mature organizations, has created barriers for the Department of the Navy to work with leading-edge tech companies & innovation partners. These barriers impede collaboration, knowledge sharing, and innovation diffusion.

Tech Bridges mitigates these barriers by offering easy access collaboration spaces in commercial business parks to build productive partnerships and networks to accelerate delivery of dual use solutions to the warfighter.

THE NAVALX TECH BRIDGES NETWORK IS HELPING ASSURE DON AGILITY AND TECHNOLOGICAL SUPERIORITY IN THE MODERN ERA

- CDR SAM "CHUBS" GRAY

NAVALX CONNECTS EXPERTS AND SOLUTIONS TO WORKFORCE NEEDS AND CHALLENGES.
